### **Solutions First Financial Group Presented With St. Jude’s Research Hospital Donor Badge**

Solutions First Financial Group is proud to announce that they have recently received the St. Jude Research Hospital Donor Badge, a form of recognition that shows the firm's dedication to support the efforts of the St. Jude organization and community.

St. Jude Research Hospital is a non-profit organization that specializes in childhood cancer research. Not only does the organization work to treat their patients, but it also has the overarching goal of ensuring that the patients' families are supported as well. The families whose children receive treatment at the facility get all care at no cost, running strictly on the donations from outside sources. Solutions First Financial Group has been supporting St. Jude Research Hospital and their efforts of care for over 6 years, making monthly donations to the organization.

Owner of Solutions First Financial Group, Joe Donti, says *“Throughout the years of our coaching families and helping them navigate the uncertainty of financial matters, we’ve encountered clients that have shared heartfelt stories regarding their children and Grandchildren. As parents and Grandparents ourselves, those stories resonated with us and we felt St. Jude’s would be the best possible way we could help champion their efforts with medical research on behalf of those most affected with childhood diseases. More importantly, we are doing our part to help St. Jude’s develop cures for these diseases. We donate monthly, and have for over the last six years. We greatly believe in St. Jude’s pursuit by helping to create the best possible curable outcome for children as well as providing hope for the parents.”*

Solutions First Financial Group is a full-service financial advisory firm located in Scottsdale, Arizona. They help design plans for pre-retirees and retirees designed to cover every aspect of their financial future and lifestyle goals into one integrated plan.
